

Danone - NV Nutricia
Supply Point Zoetermeer

NEW ACCESS ROAD AND ENTRANCE

to factory of Danone/ Nutricia Supply Point Zoetermeer for suppliers and employees (maintenance) companies

The new access road to Nutricia will open from October 27. Then we start using the new Security lodge at the back of our site. The regular staff entrance on Gerard Doustraat will only remain open for permanent employees and (site-based) contractors with a badge. The entrance Gerard Doustraat will be closed from October 27 to all other (external) persons who want to enter our site with or without a means of transport.

The new address is:
Danone Supply Point Zoetermeer
Waterzuiveringsweg 1,
2712 ZA Zoetermeer
(telephone, not modified: +31 79 353 9555)

Below you will find the new route to the entrance of our site on the Waterzuiveringsweg.

REASON FOR THIS CHANGE

Freight traffic with destination Nutricia has been driving through Eerste Stationsstraat for many years now. This is a residential area and that causes nuisance for the residents. In addition, the intersection Eerste Stationsstraat – Karel Doormanlaan creates a dangerous situation for cyclists. For that reason, the entrance will be moved to the back of our site and it will be more accessible for freight traffic from the A12.
